Western Australia

# Keeping WA Kids Safe

## *Interactive Classroom Incursions*

Kidsafe WA is the leading independent not-for-profit organisation dedicated to promoting safety and preventing childhood injuries and accidents in Western Australia. Injuries are the leading cause of death in Australian children aged one to fourteen, accounting for nearly half of all deaths in this age group. More children die of injury than die of cancer, asthma and infectious disease combined. Many of these deaths and injuries can be prevented. Kidsafe WA works in the community to educate and inform parents and children on staying safe at home, at play and on the road.

Keeping WA Kids Safe is an interactive incursion led by Kidsafe representatives. Sessions take place in the classroom and run for 40 minutes, covering key injury prevention topics of safety at home, at play and on the road.

### **Who are the sessions targeted at?**

Primary school aged students in year 1, 2 and 3.

### **Cost**

\$110 (ex. GST) for one session, \$55 (ex. GST) per additional consecutive session on the same day

### **Links with the Australian Curriculum**

Keeping WA Kids Safe links to the Australian Curriculum, Health and Physical Education learning area in the strand of Personal, Social and Community Health.
